Sargent College Hack How can we revamp existing healthcare technology, tools and systems to devise better approaches to inspire healthy lifestyles for people of all ages and to mitigate the impact of stress, burnout and trauma? PRIZE: $100

- Accessibility, Stigma, Lack of Knowledge are the problems than the number of resources
- Zoom
- Mychart
- Gap in transfer of knowledge - communication between healthcare workers
  - CVS minute clinic
  - No universal health documentation system
- People see 2-3 diff healthcare workers for the same problem
- Mistrust in the healthcare system

- Parenting, child development
- Language barriers
- College students
- Young adults transitioning into work? → Burnout
- Better Help
- Insurance companies don't want to take telehealth

What we have in common
- College students
- In Boston
- POC - Asian
- 22 - ish
- Women in STEM
- Doesn't have PCP
  - PCP finder
